MM 70i White

Due to superior musical detail resolution and more precise dynamics, the MM 70i White ear-canal headset targets music aficionados wanting to upgrade the sound quality of their portable audio devices. Its remote unit enables you to control the latest generations of iPod, iPhone and the iPad.* No need to fumble with the player – simply push the buttons integrated in the cable to control the volume, play, pause, or skip tracks. Used on the latest iPhone models, the unit also serves as a headset to answer, end, or reject calls and activates the Voice Control.

Benefits and Features:

- Smart remote with mic: enhanced usability for the latest models of iPod, iPhone and iPad.
- Superior fit in the ear canals offering highest attenuation of ambient noise (extended ear adapter set included)
- Various accessories included: cable clip, cable winder and carrying pouch
- 2-year international warranty
