

Headset for iPod[®], iPhone[®] and iPad[™].

Easier control over music and calls.

MM 70i

 **SENNHEISER**

MM 70i

Due to superior musical detail resolution and more precise dynamics, the MM 70i ear-canal headset targets music aficionados wanting to upgrade the sound quality of their portable audio devices. The new headset with remote unit enables you to control the latest generations of iPod, iPhone and the iPad.* No need to fumble with the player – simply push the buttons integrated in the cable to control the volume, play, pause, or skip tracks. Used on the latest iPhone models, the unit also serves as a headset to answer, end, or reject calls and activates the Voice Control.

- Smart remote with mic: enhanced usability for the latest models of iPod, iPhone and iPad.
- Superior fit in the ear canals offering highest attenuation of ambient noise (extended ear adapter set included)
- Various accessories included: cable clip, cable winder and carrying pouch

* For the latest information on compatibility, please check www.sennheiser.com
