MM 550-X TRAVEL

The MM 550-X TRAVEL gives global travelers the first-class comfort, quality and convenience of a state-of-the-art headset. Perfect for listening to quality music on the road as well as gaming on iPads, iPhones or Android devices, the MM 550-X TRAVEL enhances the latest mobile phones and computers with supreme CD quality sound. It features NoiseGard™ 2.0 active noise cancellation and the dynamic bass reproduction of SRS Labs' new SRS WOW HD™ technology. With its extra-large, padded ear cups, the MM 550-X TRAVEL offers music loving travelers an oasis of luxury in noisy surroundings – for uninterrupted, crystal-clear music and calls.

Benefits and Features:

- CD quality audio reproduction with apt-X®
- Noise canceling clarity – NoiseGard™ 2.0 reduces outside noise actively and lets users enjoy music in peace
- TalkThrough – one press of a button turns on the external microphone so you can talk to fellow passengers or the flight attendant without removing the headset
- Invisible microphone – for crystal-clear conversations
- SRS WOW HD™ technology – for wider, taller sound, with greater clarity and with a stronger bass
- 2-year international warranty
