

H6PRO

High performance audio for the competitive gamer

The H6PRO offers the performance, control and reliability gamers demand to perform at their best. Its proprietary speakers offer unparalleled detail across the full audio spectrum for maximum accuracy and minimum listening fatigue. The lift-to-mute boom arm is long and detachable, allowing varied placement without compromising voice pick up. The headband has variable softness to ensure maximum comfort and a slider with visual indicator for reliable positioning. Memory foam ear pads provide a comfortable and superb acoustic seal while a 2-axis hinge on the ear cup ensures a perfect fit.

Designed for any platform with analog wired outputs, the headset will perform optimally with binaural headphone surround sound through the EPOS Gaming Suite with sound cards such as the GSX 300.
