

# Command 260 USB PTT

## In control and secure

Give and receive commands with consistent call clarity and stay aware of your environment. Secure the communications by pressing the PTT button to activate the microphone

Meet the daily challenges of C3 situations with this robust, lightweight headsets for all-day comfort and protection from acoustic injury.

Hearing and being heard clearly is vital for safety and confidence in C3 environments. Thanks to the truly premium audio experience, C3 operators can perform with reliable excellence. The noise cancelling microphone filters out background noise in busy operations rooms and the headset is also designed for situational awareness when surrounding conversations are essential to maintain control. A fully adjustable metal headband and soft leatherette ear cups ensure a perfect fit so you can stay focused on the task at hand.
