

5 reasons EPOS H3 is

The Perfect All-Round Gaming Headset

All Games, All Platforms

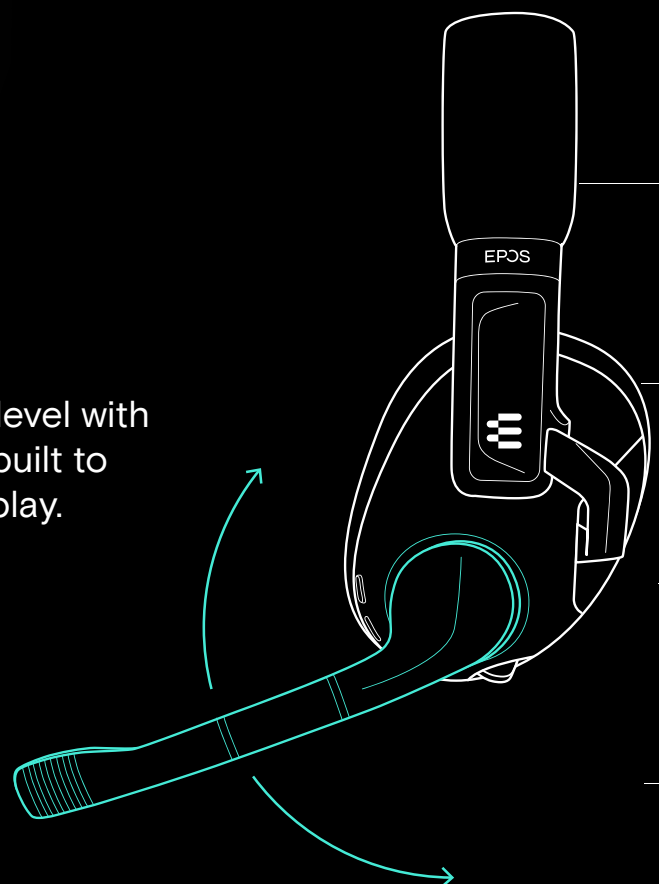

Experience the unmistakably crisp gaming audio of a wired, lag-free headset. Just plug it in and start playing – on every platform.

- Analogue wired headset
- Compatible with every platform

Boost the Chat, Cancel the Noise

Take your in-game communication to the next level with a noise cancelling, studio-quality microphone built to deliver crisp game chat – even during intense play.

- Engineered to enhance voice pick up
- Built-in lift-to-mute boom arm

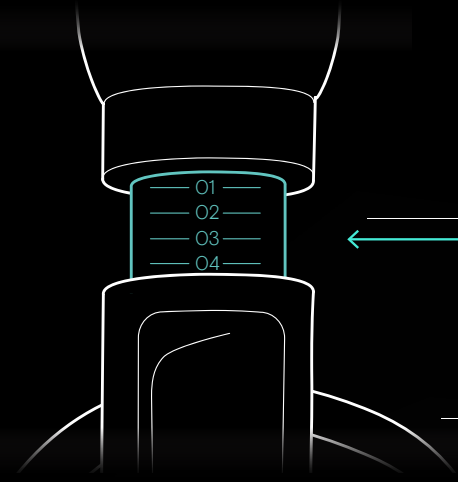

Feel the Game, Not the Headset

Born with ergonomic earpads designed for long wearing comfort, you decide when to stop the game – not the headset.

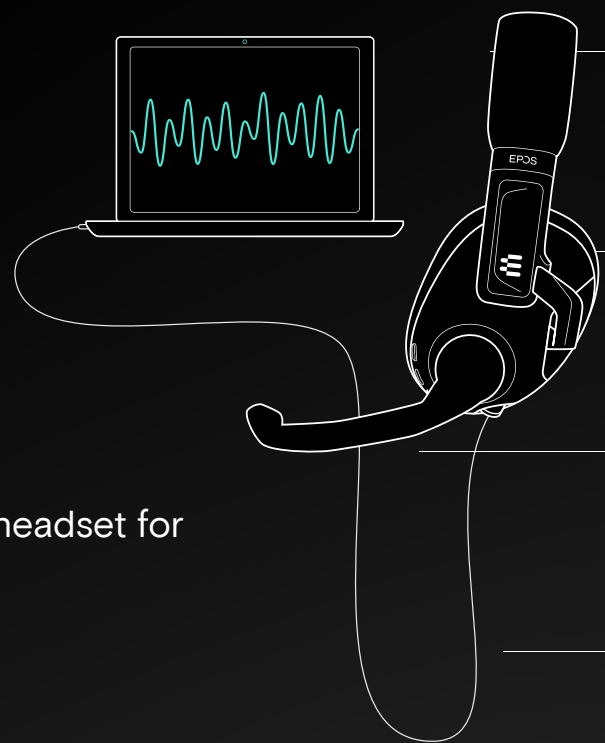

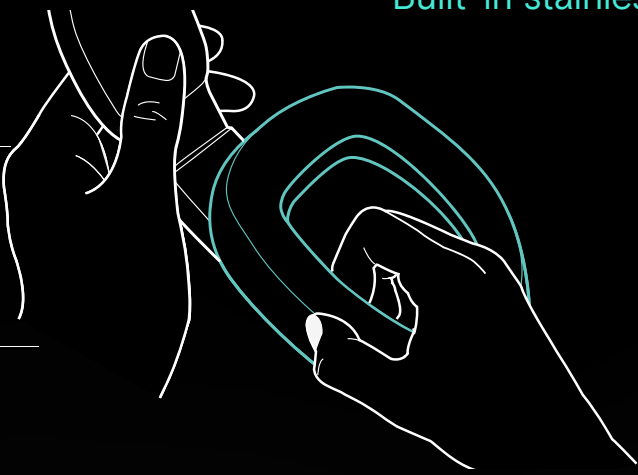

- Dent in the headband for a lighter pressure on the head
- Angled speakers to avoid putting pressure on the ears

Designed to Excite, Crafted to Last

Built with premium, lightweight materials, EPOS H3 closed acoustic headset is a reliable, quality headset for gamers of all shapes and sizes.

- Replaceable ear cups and detachable cable for easy replacement
- Built-in stainless steel slider to easily find the best fit for you

Expect the Best, Always

As part of our commitment to quality, we test every headset for speaker performance before it leaves the factory.
